

# D3500

OUTSHINE  
THE ORDINARY

From big days to your days, experience the joy of real photography. The compact D3500 blends premium build quality with outstanding performance. Effortless operation makes it spectacularly easy to shoot – and share – memorable moments.

## FEATURES

### Revel in the beauty. DSLR image quality.

The large 24.2 MP DX-format sensor and NIKKOR lenses let you capture richly detailed photos and movies – even when you shoot in low light.

### From first light to the last dance

With an ISO range of 100–25600, your photos and videos will shine in any light. The camera's razor-sharp autofocus system keeps subjects in perfect focus, even during high-speed shooting.

### Crafted to enjoy

The strong metal lens mount means you can change lenses again and again. Explore the beauty of different NIKKOR lenses without worrying about wear and tear each time you change the lens.

### Built to hold

The deep grip means this camera immediately feels comfortable in your hand. Spacious button placement makes operation easy. The long battery life will keep you shooting.

### Always your best shot

Use Auto mode to easily create perfect DSLR-quality images. Or go a step further with Guide Mode. This mode shows you exactly how to adjust the camera's settings to capture the photos and movies you want.

### Too good not to share

Why wait? The SnapBridge app for iOS and Android enables an always-on connection between your camera and your smartphone/tablet. Share DSLR-quality images in the moment.

### The adventure starts here

Your Nikon DSLR is part of an expandable photographic system that can grow with you. Widen your creativity with renowned NIKKOR lenses, Nikon Speedlights, and more.
